

Your health during COVID-19

We're here for you

Neighborcare is here to help you maintain your health and address your more immediate health concerns, so that hospitals and ERs can focus on emergencies and treating seriously ill patients.

Most appointments will be by phone

Our experienced providers can thoroughly address most medical needs by phone. Your care team will determine if you need to be seen in-person based on your situation. Interpreters are available for phone and in-person visits.

PLEASE CALL BEFORE VISITING A CLINIC.

All are welcome

We accept most insurance, including Apple Health (Medicaid), Medicare and private plans. We offer insurance enrollment assistance over the phone and a sliding fee discount.

INSURANCE IS NOT REQUIRED, AND NO ONE IS DENIED SERVICES DUE TO INABILITY TO PAY.

WE CAN HELP WITH:

- COVID-19 testing
- Anxiety, stress, depression
- Refilling medications
- Chronic conditions (ie. diabetes & high blood pressure)
- Emergency dental care
- Wounds, rashes
- Allergies
- Headaches
- Sprains or strains
- Cold or flu
- Sinus infections
- Pregnancy care
- Newborn care
- And more
