Expanding Access, Improving Care

For over 56 years the needs of our patients have always come first. Born out of the Civil Rights Movement, **Neighborcare Health** provides integrated medical, dental, and behavioral health services to **60,000 patients a year**. We've been meeting patients where they are, serving as a critical safety net for our community at 30 clinics across Seattle and Vashon Island.

Neighborcare has been a community leader in recognizing and meeting patient needs that go beyond traditional health care.

We serve people who would otherwise lack access to health care, including youth at our clinics in 17 schools, women, immigrants and refugees, seniors, veterans, people living with disabilities, LGBTQ+ people, and our unhoused neighbors.

No one is turned away based on their ability to pay. More than 88% of the community members we serve are living at or below the poverty line, struggling with homelessness or housing insecurity, or cannot afford insurance. Your generous support ensures everyone gets the healthcare they deserve.

In these uncertain times, **we need your partnership to double down on our goal of pursuing 100% access to care with zero health disparities** for families and communities throughout the Puget Sound Region. Help us fortify the future of health equity, access and justice for all. Healthy people are the foundation of healthy communities.

Neighborcare Health

Built with the support of our
generous donors in 2015!

Becoming An Event Sponsor

At the Neighborcare Health Foundation, our event sponsors are not just supporters—they are essential voices in ensuring that every Washingtonian has access to the care they need. Your investment goes beyond financial support. Our events **help build an educated, thriving, supportive community** dedicated to advancing health equity.

Events You Can Sponsor

Spring Give Campaign (2 Events) - April to May

This series of events **builds community while both showcasing and raising crucial funds for Neighborcare programs** in the greatest need of support. They highlight our work while fostering deeper connections with the dedicated staff behind them. This year our focus includes:

- A Look Inside Integrated, Whole-Person Care
- School-based Health Care, featuring a new Ballard HS site!

Pickleball Tournament

With early sponsor interest, we plan to host a summer 2026 Pickleball Tournament! It's a fun, active way to bring teams together, build community, and support expanded access to care. Sponsorships will include highly visible brand exposure and engagement opportunities.

National Health Center Week - Early August

This week celebrates and raises awareness of **the vital work of community health centers, serving 1 in 6 people in Washington**. Each year Neighborcare participates, highlighting the impact of our 30 community health centers. Activities may include health fairs, staff and patient appreciation events, and fun community activities. Stay tuned for more details on the exciting ways we'll be participating this year!

Feast at the Market - Early October

Feast is a unique culinary adventure. In partnership with the Pike Place Market Foundation and the Market's beloved small business restaurants, Neighborcare sells ticket books redeemable for tasty small plates, drinks and desserts. Attendees start the evening at our Pike Place Market (PPM) clinic then chart their own foodie adventure through historic Pike Place Market participating restaurants. All funds benefit our PPM clinic and the wide diversity of patients it serves including seniors, workers at and around the market, youth, and unhoused neighbors.
